250th Anniversary Commemorative Medal

Major Andrew McClary, who is featured on the obverse side of the Epsom Commemorative medal, is one of the most historic figures not only in Epsom's history, but in the early history of the American Revolution.

On the morning of April 20, 1775, a rider announcing the battle of Lexington and Concord reached Epsom. Andrew McClary who was plowing in the "old muster-field," abandoned his plow in a furrow and ran to heed the call. With little preparation he packed his saddlebags and leaped upon his horse vowing as he left that he would "kill one of the devils" before he returned.

The Major gathered together 34 men to join him in his march, and at 1:00 P.M. they left Nottingham Square for Cambridge. McClary and his men marched through the night, and the next morning at sunrise they were on the Cambridge Common, spoiling for a fight. The Epsom patriots had travelled a distance of over 70 miles in a mere 19 hours.

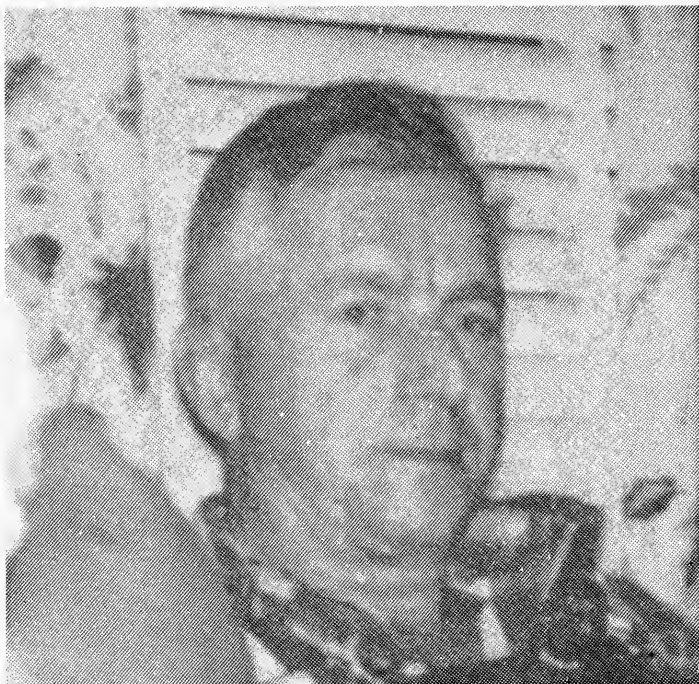

Upon organization of the New Hampshire troops, John Stark was unanimously chosen colonel and Andrew McClary the major — Stark's second in command.

On June 16, 1775, Colonel John Stark was ordered to Bunker Hill. In the ensuing battle the American forces held the British, but they were forced to retreat as their ammunition was expended. The New Hampshire troops were the last to leave, with Major McClary in the rear maintaining order and discipline among the men. He was greatly animated by the battle. His handsome, powerful figure was an excellent example of courage and bravery which greatly inspired the others.

Once the troops were to safety, Major McClary, with a couple of volunteers backtracked the hazardous terrain to survey the enemy's position. Eager to get as close to the British as possible, he disregarded his men's warnings that a closer reconnaissance would be dangerous. "The ball is not yet cast which can kill me," he scoffed, as a chance shot from a British frigate in the harbor glanced off a Buttonwood tree and passed through his abdomen killing him instantly.

LIBRARIAN REPORT

Again the Epsom Public Library has had a very successful year with the total circulation 10,197.

During the year many physical improvements have taken place — another set of metal shelves for reference books; the downstairs has been completed and new storage shelves built, the interior has been painted and the floor refinished, stairs carpeted, combination storm windows installed along with a combination door for the front door which was heaven during the summer months — circulation was enough to allow the library to be open every Saturday — opposed to previous years when it was so hot that it was impossible to stay the full day; new patchwork rug on the floor of the children's room and a new secretarial chair was purchased with money realized from the various food sales held. Flowers were planted around the front of the library and looked quite attractive throughout the year. Two beautiful hanging geraniums were donated to the library and hung on the front porch and displayed their beauty throughout the summer months.

The Little Red Wagon again visited the Epsom library during the summer. This is sponsored by the Area Arts Council of Pittsfield.

The Epsom Garden Club has landscaped the front of the library with bushes, shrubs and bulbs. Thank you.

We have been supplying the Epsom Manor with films for their weekly film program which are enjoyed by the elderly at the home. Films have also been borrowed by some of the other organizations during the year.

Arts and Crafts classes were held for the young children during the month of July and some very rewarding articles were produced by the children. During the month of August a story hour was held weekly for those who cared to attend. All the readers were volunteers.

Several of the groups have used the library throughout the year for their meetings. The downstairs is adequate for small groups and are welcome to use.

The Shut-in service is still manned by Ellen Eppelsheimer and anyone that is ill and unable to get to the library — we make arrangements for books to be brought to your home.

The school children have used the reference section extensively this year. Only a word of advice — if you need material for the project you are doing, please contact the librarian early so we may have the material for you.

There have been some excellent exhibits this year — Cub Scouts, Extension group, Ellen Eppelsheimer paintings, etal. We also have been given the painting by Mrs. Lena Worth of her famous Epsom Town Meeting painting. Mrs. Ethel Yeaton has also donated to the library a drawing of the route that Fred drove so many years. Very interesting.

If anyone has impaired eyesight, the library is able to get talking books for your use. We also have added to the collection some more large print books. Plus the circulation of books, we also have many magazines that are circulated on a three week period, the same as our books. We have 56 magazine subscriptions with 26 of them being gifts to the library.

Memorial books this year are Birth of the United States by Jim Bishop given in memory of Mrs. Madeline Yeaton by the Epsom Historical Association; Making Vegetables Grow by Thalasso Cruso given in memory of Mrs. Emma Stevens by the Epsom Womans Club; New Hampshire Years of Revolution, 1774-1783 by Peter Randall and Colonial Histories of New Hampshire by James Playsted Wood given in memory of Herbert D. Yeaton by Mabel Y. Bailey and family; Harvest of Yesterday by Gladys Tabor given in memory of Mrs.

Eleanora Nutter by the Epsom Womans Club; McCall's Book of Rugmaking by Editors of McCall given in memory of Mrs. Flora Sullivan by the Epsom Womans Club. These six books have been added to our Memory Shelf.

Do feel free to come and browse around. Library hours are Tuesday and Thursday mornings 9 AM to noon and on Saturdays 10 AM to 5 PM.

REPORT OF EPSOM FIRE DEPARTMENT

For Year Ending December 31, 1976

Last year the Epsom Fire Department joined the Capitol Area Mutual Aid Compact. Since joining Central Dispatch in June we have been toned out a total of 51 times. The average time from receipt of the alarm until a unit signed on the air responding was 2.2 minutes.

During the past year we have strived to make every possible improvement in our Department. The majority of firefighters have attended State of N. H. training courses and have received certificates in Firefighting Practices I and II. Many members have also been trained and certified by the N. H. Heart Association in the administration of Cardio-Pulmonary Resuscitation and are now responding to medical emergencies.

Each of these items is one step towards a goal. Several years ago the Insurance Services Office (formerly Fire Underwriters) issued a list of improvements in the Fire Department which had to be completed before the Town of Epsom would qualify for an insurance reclassification. The one major item left undone is the acquisition of a new pumper. At the present time we have only one truck which qualifies for any rating. Some of the other trucks still in service are antiques.

Earlier this year a truck committee was appointed to study costs and specifications for a new truck. They located a 1975 International cab & chassis which the company agreed to hold at the old price until the town could vote to accept it. Upon hearing of this, a very generous individual in the Town of Epsom bought the truck, equipped with a 1,000 gal. per minute front end pump and donated it to the town. The only stipulation

being that the town would provide the money for the body and installation. In addition to a new fire truck, the same individual, who has asked to remain anonymous, also donated a fully equipped 1 ton, four wheel drive rescue unit. In all, donations from our very generous citizen, the firemen, the auxillary and others in town totaled more than \$44,000. In light of the generosity shown the town I hope the town will in turn vote favorably to complete this new truck.

I would like to personally thank the officers and men of the Epsom Fire Department for their hard work and dedication to duty during the past year. Together they have donated over 3,000 man hours of their time. I would also like to thank the Fire Department Auxillary for their support and donations.

Respectfully submitted,

L. M. Cushing, Chief
Epsom Fire Department

CENTER BARNSTEAD FIRE DEPARTMENT

Board of Selectmen & Budget Committee Members

Gentlemen;

The Center Barnstead Fire Department requests the Town of Epsom to raise the sum of \$2,950.00. This will be your share of the \$19,750.00 needed for the hiring of two (2) licensed ambulance attendants during the daytime hours, for the ensuing year. The remaining part of the twenty four (24) hour period will still be covered by our volunteer personnel. We will also continue to operate our ambulance service by the voluntary contribution system, as we have since the ambulance service was started.

You will please note there is a slight increase from last year's appropriation, due to increases in taxes and insurance.

If there are any questions about your appropriation for the ensuing year, please do not hesitate to contact the Chief of this Dept.

Thank you very much;

Rodney T. Boyd, Chief
Center Barnstead Fire Dept.

PLANNING BOARD REPORT

The Planning Board has been holding its regular meetings on the second Monday of every month at the Town Hall throughout the year of 1976. Special meetings of public interest as well as Public Hearings on land subdivisions are held also at that time.

The purpose of Planning is to promote the development of an economically sound and stable community through orderly growth and to protect the health and welfare of its inhabitants through its adopted Regulations; to promote the amenities of the Town through provisions of parks, recreation areas, preservation of natural or historical features; and to provide equitable and uniform procedures and standards for handling all subdivisions in the Town.

Subdivisions approved during the year are as follows:

- 7 Minor Subdivisions
- 2 Major Subdivisions
 - Silver Hill Development and
 - Reid Property
- 3 Property line adjustments and/or increasing lot sizes

A total of 34 new building lots were approved.

A total of 15 new building permits were issued.

New roads accepted by the Town in 1976 are as follows:

- 1100 feet of Old Turnpike Road (Extension)
- 1200 feet of Leighton Brook Drive (Leighton Brook Development)

Because of the increasing complexities of both Federal and State laws governing Planning, the Board has leaned heavily on the CNHRPC for sound advice. Without their help we could not operate effectively. At present, the Central New Hampshire Regional Planning Commission is working with the Planning Board in preparing a preliminary Town Master Plan.

RICHARD M. TODD
Board Chairman

REPORT OF THE CENTRAL NEW HAMPSHIRE REGIONAL PLANNING COMMISSION

At the end of 1976 and six years of operation, the Central New Hampshire Regional Planning Commission had completed several studies of a regional as well as a local assistance nature.

During 1976 the Commission completed the following studies: an historic preservation report listing significant historic sites by community, a community facilities inventory for each community, a study outlining the impact of institutional tax exempt properties within each community. Currently the Commission is preparing a future land use study, a housing needs update study and an economic base study, all from a regional perspective.

In January the Commission delivered to the Town a set of photographic enlargements which were requested by the Selectmen and which serve as a base for the Town tax map.

During September and October of 1976 the Commission co-sponsored a series of seminars dealing with the legal aspects of planning. These seminars were heavily attended and hopes are that they may be continued at a future date.

In addition, the Commission has provided answers to several questions during the year for the Planning Board and has met in joint meeting with the Selectmen, Planning Board and Board of Adjustment to discuss numerous state law interpretations.

The Commission hopes to be able to continue to serve the needs of its member communities in future years and greatly appreciates the past support of its activities by the Town of Epsom.

APPROPRIATIONS FOR CONCORD HOSPITAL

December 29, 1976

Chairman
Board of Selectmen
Epsom, New Hampshire 03239

Dear Sir:

The Trustees of Concord Hospital respectfully request that an appropriation of \$750.00 be included in the Town of Epsom's 1977 budget in support of Concord Hospital.

During the past year, the Hospital provided net unpaid charity services in the amount of \$34,110. As in the past, the Hospital is requesting assistance on the basis of utilization of the facilities, and a review of the records shows that 2.2% of the patients treated at Concord Hospital during the last year were residents of Epsom. The remainder will be requested from the City of Concord and other communities served by the Hospital.

Health services at Concord Hospital are available to all citizens of Epsom regardless of ability to pay. Favorable consideration of this request would be much appreciated.

Sincerely yours,

CHARLES H. TOLL, JR., President
Concord Hospital Board of Trustees

REPORT OF THE COMMUNITY ACTION PROGRAM

For the Annual Report of the Town of Epsom, New Hampshire.

Since 1965, Community Action has been serving low-income and elderly residents of Epsom. This delivery system of programs and services for low-income people is localized in the Suncook Neighborhood Center. It is precisely the framework which is fundamental in effectively meeting the needs of individuals with low incomes.

Although funds for Community Action are generated in many ways, support for the Neighborhood Center System is based primarily on local tax dollars. Thus, local support becomes the determination factor in continuing services through the Neighborhood Center.

During 1976, residents of Epsom participated in the following Community Action Services:

Children & Youth	Elderly	General
Summer Work Experience	Nutrition-Congregate	Information/referral
In School Work Exp.	Nutrition Home	Food Assistance
Summer Recreation	Delivered	Clothing Assistance

REPORT OF THE SUPERINTENDENT OF SCHOOLS

We are continuing our efforts to develop a regional special services center for students. Dr. Alan Pardy was appointed as the director of the center which is called the New Hampshire Educational Resource Services, Inc. The initial task of surveying the various school districts has been completed and a proposal has been presented to the school board as to what services the center will be able to deliver during the 1977-1978 school year. Dr. Pardy has also assisted us in preparing a special services report that must be filed with the State Department of Education during the month of February. In addition a number of proposals have been filed with the Federal Government for the funding of special programs.

We are in the process of preparing a report relative to the state elementary school minimum standards that were established several years ago. This report as well as the educational program of the Epsom Elementary School will be reviewed by a representative from the State Department of Education in the spring of this year.

We are also in the process of completing an in-depth study and discussion of the report that was prepared by the New England Association of Colleges and Secondary Schools when it accredited Pembroke Academy in 1974. A report will be prepared for consideration by the Pembroke School Board. The report will consist of a review of the New England Association recommendations that have already been implemented as well as a recommended time table relative to the implementation of the remaining recommendations.

We are very pleased with the success of the Work Study Program that was established this fall under the direction of Ronald Rush.

The Curriculum Committee is continuing its work toward coordinating an educational program for grades one thru twelve. The committee will begin to present the results of its work during the coming year.

The Staff Development Committee is presently being chaired by Virginia Sanborn, a member of the Chichester Central School Staff. The system is functioning well in that all of the staff members have completed individual staff development plans and have participated in numerous worthwhile activities. The Staff Development Process has been received with considerable enthusiasm.

The new Staff Evaluation process that was discussed last year has been completed and was implemented last September.

In closing, I would like to thank the School Board, School Staff, and citizens of Epsom for all that they have done for the students.

Respectfully submitted,

GERALD A. CROTEAU
Superintendent of Schools

	Miss Etta Yeaton

During the past year we had to add one new staff member because of the over-crowding at certain levels.

We have reviewed the Language Arts program and have made curriculum changes recommended by the Supervisory Union #53 sub-committee.

We also started classroom music instruction for all students, which has proven to be a great success.

During the past two years the staff and I have worked on improving teaching skills in the areas of reading, language and writing. The areas of spelling and reading comprehension have already shown marked improvement.

The students at Epsom Central also have a well balanced extra-curricular program. Both boys and girls in the upper levels are allowed to participate in soccer. They also are able to participate in girl's and boy's basketball and boy's baseball and girl's softball. The schedules and playing opportunities for both sexes comply with Title IX recommendations.

I would like to thank the School Board, parents and volunteers for their support and cooperation during the past year.

NURSE'S ANNUAL SCHOOL HEALTH SERVICE REPORT

1975-1976

January 24, 1977

To The Superintendent:

The school health program for the year 1975-1976 was carried out as in previous years with annual physical inspections and hearing and/or vision screening of each student by the nurse. Added to the usual assessment was a scoliosis screening program of students in grades 5-8. Any deviations from the normal were brought to parents attention and the appropriate referrals and follow-up were made. 980 visits were recorded in the health log for the year.

Approximately 188 students participated in our dental health program which is sponsored by the Epsom School PTO and the N.H. Bureau of Public Health. Each student received a cleaning and fluoride treatment by Mrs. S. Dudley, Dental Hygienist.

The Basic First Aid Course was offered to 61 students in grades 7 & 8 in cooperation with the American National Red Cross. A representative from the N. H. Lung Association presented a program on cigarette smoking and advertising. The Director of Emergency Health Services presented a program and demonstration of ambulance services. Films and discussions were presented to students on the topics of smoking, drug abuse, personal health, and dental health.

Twenty-nine of the school staff participated in our TB Tine testing program in the fall.

The school nurse participated in workshops this year involving: athletic injuries, child abuse, Basic and Multi Media First Aid courses, "Self Incorporated", scoliosis screening, and additional nursing skill and professional meetings. The nurses in Supervisory Union #53 are working together to form a comprehensive health curriculum for all students.

I would like to express my thanks to the Superintendent, School Board Members, teachers and parents for their cooperation and support during the past year.

Sincerely,

Joyce Hill, School Nurse

HAZEL P. STEELE, Town Clerk

Major Andrew McClary was the highest ranking officer killed at the Battle of Bunker Hill. Although he lost his life early in the war, it was courage such as his which inspired patriotism in our other forefathers, and which has, henceforth, reflected our country's convictions.

Epsom was named after a market-town in Surry, England. It was granted to the taxpayers of Rye, Greenland and Newcastle on May 18, 1727, by Governor John Wentworth.

The map of Epsom on the medal's reverse side displays the 6 school districts whose boundaries were decided upon at the town meeting of May 19, 1808.

The Great Suncook River enters Epsom from the north and bends southwesterly through town. The Little Suncook runs from east to west where it flows into the Great Suncook near the center of town.

The high points on the map are Ordions Mountain in New Orchard, Brush Mountain in Short Falls, and Sanborn Hill which is just north of Brush Mountain. McCoy Mountain, named after Charles McCoy, one of Epsom's first settlers, is to the southeast, one mile from the town's center. Fort Mountain, Epsom's highest, lies along the eastern boundary, and Nat's Mountain is $\frac{1}{2}$ mile south of Fort, in New Rye.

By 1825 Epsom had 10 saw mills, 8 grist mills, 4 bark mills, 3 carding mills and 3 clothing shops. The cooperative grist mill at Short Falls was the most successful. Farmers came from 30 miles around to grind their grain at the Short Falls mill. Most of these sites are no longer in existence now.

As the larger New Hampshire cities progressed, the train left Epsom taking the industry connected with it, but our town still grew. People live here because Epsom is a peaceful, rural community with a lovely, pastoral countryside. Its residents share all the pleasures of country living, but they have easy access to New Hampshire's major cities. The ideal that the Epsom's townsfolk have always subscribed to and will never forget is that good people make good neighbors.

The Epsom Commemorative Medal was designed by Raymond Ring of Short Falls, and was minted by V. H. Blackinton and Co. of Attleboro, Massachusetts. The historical sketch was written by David Pitcher.
